---

Dear Commissioners,

Thank you for your continued support of the Plum Creek Library System (PCLS) and the services we provide to the nine-county region. We are please to share the updates and initiatives that we have undertaken during the last year to continue to enhance library services in our communities.

In the upcoming year, PCLS has outlined several priorities aimed at facilitating access to library resources:

1. Prioritizing broadband internet access to member libraries that receive federal e-rate funding
2. Increasing awareness of digital resources
3. Supporting continuing education for staff at our member libraries.

As we approach the budget planning process, we respectfully request your continued financial support for PCLS. We are requesting \$3,250 from each of the nine counties we serve to support our operations. This funding level aligns with previous years and allows PCLS to support the shared services between our member libraries, ultimately benefiting communities throughout our region.

We are deeply grateful your prior support of PCLS and our member libraries and hope that you will consider our request as you prepare your annual budget.

Thank you again for your support and we look forward to continuing our communities through the Plum Creek Library System.

Warm Regards,

Elizabeth Hoffman  
Director  
Plum Creek Library System

**Item:** Ordinance Regulating the Use of Cannabis in County Parks, Campgrounds and Trails

**Board Action Request:**

Approve publishing notice of the intention to enact an ordinance regulating the use of cannabis in County parks, campgrounds and trails.

**Background & Comments:**

With the legalization of cannabis in Minnesota in 2023, the County Board established a County Cannabis Committee earlier this year to research and provide recommendations to the County Board on various matters related to the legalization of cannabis.

The Cannabis Committee met and discussed the implementation of an ordinance to regulate or prohibit the use of cannabis in public places. The Committee felt any such ordinance should be limited to County owned public places since townships and cities have their own authority to regulate cannabis use in public places that are located in their jurisdictions.

The attached draft ordinance is a model other counties have been using to regulate cannabis use in public places. The changes to this model ordinance prohibit the use of cannabis products in County owned parks, campgrounds and trails only.
